

DHI-HY-BS42

Sounder Strobe Base

- Flexible installation: Non-loosening screws on base terminal for easy installation
- High endurance: Contacts material is highly acid-resistant and rust-resistant

System Overview

DHI-HY-BS42 Sounder Strobe Base is a mated product of both the Conventional & Addressable Fire Alarm Control Panel. It sends out an audible and light alarm signal to remind people when fire occurs.

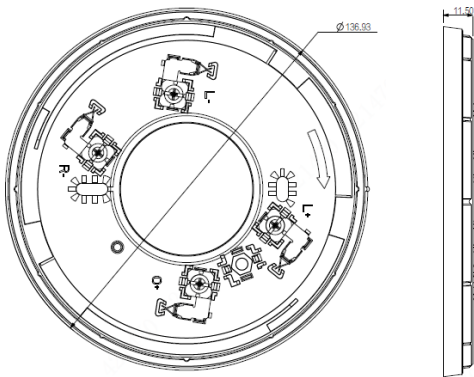

Scene

It is suitable for hotels, shopping malls, office buildings, underground garages, and other crowded or large buildings.
